

COMPANY BROCHURE

2020 - 21

We are proudly a Level 1 BBBEE contributor, 100% women owned coach operator.

Introduction

Our story began at the heart of the coronavirus pandemic, in 2020. It was at this precarious moment that the Director, Ntsako Nkuna made the brave decision to create a transport offering that would play a role in reviving the South African economy after the devastating effects of the pandemic.

Tourism is one of the strongholds of the South African economy, and our focus is on providing a world class, innovative and accessible land transportation service for this sector. Our services are not limited to tourism however, as we have built strong relationships with corporate, educational and private clients as well.
